17. LEA Conditions:

[NOTE: LEA conditions listed here shall be in addition to conditions of other documents controlling operation of this facility.]

1. The operator shall comply with all State Minimum Standards for Solid Waste Handling and Disposal as specified in Title 27 California Code of Regulations (CCR). The operator shall not operate this facility without possession of all required permits/regulatory approvals. The operator shall inspect the site at least once each day of operation to ensure compliance with all applicable standards/conditions/mitigations/permits/regulations.
2. The operator shall comply with all federal, state, and local requirements and enactments including all mitigation and monitoring measures developed in accordance with any certified environmental document filed pursuant to Public Resources Code Section (PRC) 521081.6, and all administrative/enforcement orders of all regulatory agencies with jurisdiction at this facility.
3. The operator shall maintain a complete copy of this Solid Waste Facilities Permit (SWFP), of all other required regulatory permits and of all regulatory inspection reports, at the facility or other approved location readily accessible to facility personnel, LEA staff and other regulatory personnel.
4. As outlined in Section 16, the operator shall maintain at the facility, or other approved location, accurate daily records of the tonnage/day and number of vehicles/day per: incoming solid waste, incoming liquid septic waste. Such records shall be readily accessible at the facility to the LEA/other regulatory personnel. A written summary of such tons/day per category, vehicles/day per category, and estimates/day per category, shall be furnished quarterly to the LEA within fifteen (15) days of the end of each quarter.
5. As outlined in Section 16, the operator shall furnish a written summary of all written complaints (including all regulatory notices such as: Notices of Violation, Notice and Orders, Clean-up & Abatement Orders) concerning the facility received by the operator during a quarter, and the operator's responses/corrective actions taken, to the LEA within fifteen (15) days of the end of each quarter.
6. As outlined in Section 16, the operator shall maintain at the facility, or other approved location, a log of special/unusual occurrences (S/U O). The log shall include, but not be limited to: fires, explosions, discharges of unusual waste, significant incidents of personal injury, accidents and/or property damage. Each log entry shall be accompanied by a summary of the responses/corrective actions taken by the operator to mitigate any negative impacts of each occurrence. Days without incidents of S/U O shall be noted with an appropriate negative entry for such days such as: "No S/U O today". The operator shall maintain this log at the facility or other approved location in a manner readily accessible to facility personnel and to the LEA/other regulatory personnel. A written summary of the log entries during a quarter shall be furnished to the LEA within fifteen (15) days of the end of each quarter.
7. The operator shall comply with the requirements of all applicable laws pertaining to employee health and safety including maintaining an up-to-date written CAL-OSHA Injury Illness Prevention Program (IIPP) - (pursuant to Title 8 CCR), on-site and readily available for review by all facility personnel and by the LEA staff and other regulatory personnel. The IIPP shall include a comprehensive training plan, availability of all necessary on-site work/protection/safety equipment, and adequate on-site first aid supplies. Whenever personnel are at the facility they shall have immediate radio and/or telephone access to a 911 emergency dispatcher.
1. The operator shall use all reasonable measures to avoid "takings" of threatened, endangered, rare, and/or sensitive species, including use of tortoise-proof fencing and authorized raven monitoring/control measures in accordance with all measures, remediation, and compensations incorporated into any Cooperative Agreement (CA) with the U. S. Department of Interior - Bureau of Land Management (BLM), U. S. Fish and Wildlife Service (USF&WS), and the California Department of Fish & Game (CDF&G).

In conjunction with the Bureau of Land Management (BLM), U.S. Fish and Wildlife Service (USF&WS), California Department of Fish and Game (CDFG), and qualified biologist, the Solid Waste Management Department (SWMD) will implement a raven monitoring program and develop appropriate measures to reduce and/or eliminate existing use of the disposal site as a habitat for ravens. This program will be submitted to the LEA within nine months of a re-permit concurrence and implemented within year of the re-permitting date of record.

"Hours of Site Activities" includes the "Hours Open to the Public," and also includes stated extra hours before and/or after the "Hours Open to the Public" during which site activities such as operating equipment, daily and intermediate cover, or maintenance will occur. Except for emergencies, site activities do not occur outside of these specific hours. Significant projects that involve or require site activities to occur outside of these specific hours shall be evaluated under CEQA, described, and defined in the RDSI.
